

# About the TILLS™ Digital Audio Files

This USB drive contains three sets of audio files for use with the *Test of Integrated Language and Literacy Skills™ (TILLS™)*: 1) the stimuli needed to administer the Nonword Repetition (NWRep) and Nonword Spelling (NWSpell) subtests, 2) demonstrations of allowable pronunciations for the Phonemic Awareness (PA) and Nonword Reading (NWRead) subtests for the examiner, and 3) examples of students' oral responses for the practice exercises in the *TILLS™ Examiner's Practice Workbook*.

Purchasers of the *TILLS™ Digital Audio Files* may download and play the audio files on a computer for administration of the TILLS as well as demonstration or practice use. Refer to the End User License Agreement for details.
